Treasurer – Walt Flynn

We hope to finish 2019 strong and to contribute even more to the success of 170! If you have ideas, let one of the 170 officers know. We're always looking for ways to make an impact for the Club, Branch and Unit.

Not many of you know that Unit 170 was able to sponsor one of our own. A truly remarkable young lady, Lilybeth Sears. Lilybeth has been given the opportunity to represent Washington State at the national level in Washington DC for the Technology Students Association competing in CAD – Computer Aided Design. She'll be heading there June 27-July 3rd. This is so impressive, Lilybeth took second place and first place went to a high school student. She is in 8th grade folks!! For those who are not aware of what CAD is...CAD is a software that design and construction management engineers utilize. I can tell you all first-hand this is not an easy software to learn or use. Please take the time to congratulate this amazing young lady.

Thank You all for the Amazing you that you all are....
